

Love is in the air

So are Nitrogen, Oxygen,  
Argon and Carbon Dioxide

To: From:

smore

I think of you

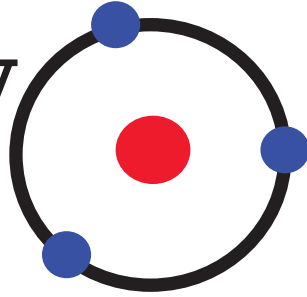

PERIODICALLY

To: From:

smore

I've got my  
ION  
you

To: From:

smore

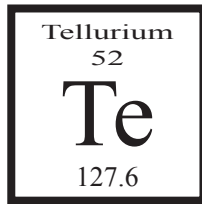

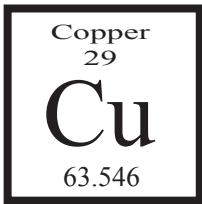

You shine  
like a  
carbon allotrope

To: From:

smore

Are you made of  
copper and tellurium?  
Because you are

To: From:

smore

You're as sweet as

$\pi$

3.14159265359

To: From:

smore

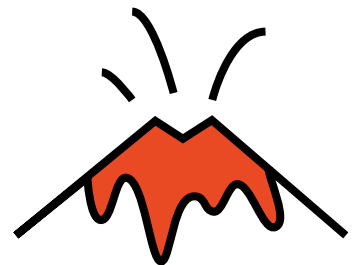

If there wasn't  
gravity on Earth,  
I'd still fall for you

To: From:

smore

I  
LAVA  
YOU
